A note from Father Kevin

Last weekend, Father David McCallum reminded us all of our call to discipleship in his thought provoking homily. No matter what our vocation is in life, our work for the Lord is ultimately about the intention of making the lives of others better every day. We do that not out of love for God, but out of our hope to make a difference as followers of Jesus.

As each of us goes into the world as disciples to do that work, it is important to remember that we never go alone. The Scriptures remind us of that in many different ways. From the words of Moses and Jesus as they address the people about love for God and neighbor, to the letters of St. Paul, we are reminded that we are working together to bring life, peace and prosperity to all. Our togetherness as disciples is why so much of what we are able to accomplish on behalf of Christ and the Gospel is what we do as a parish community.

With that perspective, the ministry and work done in our parish depends on the prayer, service and generosity of all of us. So whatever we give, even if we consider it very little, matters a great deal.

Shortly, we will individually reflect on the increase we may be able to give, or start giving, through our offertory collections. The collective increase we can contribute together will make the difference in placing our work as a parish on a consistently solid financial foundation.

As I pray for your participation in our increased offertory campaign, I am grateful for all the gifts given to the parish and know that together we can continue to do great things for God.

Fr. Kevin

The Law of...

Law of Mechanical Repair - After your hands become coated with grease, your nose will begin to itch and you'll have to use the bathroom.

Law of Gravity - Any tool, nut, bolt, or screw, when dropped, will roll to the least accessible corner.

Law of Probability - The probability of being watched is directly proportional to the stupidity of your act.

Law of Random Numbers - If you dial a wrong number, you never get a busy signal and someone always answers.

Law of the Alibi - If you tell the boss you were late for work because you had a flat tire, the very next morning you will have a flat tire.

Variation Law - If you change lines (or traffic lanes), the one you were in will always move faster than the one you are in now (works every time).

Law of the Bath - When the body is fully immersed in water, the telephone rings.

Law of Close Encounters - The probability of meeting someone you know increases dramatically when you are with someone you don't want to be seen with.

Law of the Result - When you try to prove to someone that a machine won't work, it will.

Law of Biomechanics - The severity of the itch is inversely proportional to the reach.

Law of the Theater and Hockey Arena - At any event, the people whose seats are farthest from the aisle arrive last, and they are the ones who will leave their seats several times to go for food, drink, or the bathroom and who leave early before the end of the performance or the game is over. Those in the aisle seats come early, never move once, have long gangly legs or big bellies, and stay to the bitter end of the performance and beyond. The aisle people also are very surly folk.

A FAMILY PERSPECTIVE

from the Office of Family Life Education
Today's gospel reminds us "unclean spirits" still haunt our families. These "spirits" thrive inside our grudges, punishing silence, impatience and abruptness. Today, Jesus offers you the "authority" to cast out these spirits from your life and your family.

Time is running out ... any student interested in applying for a scholarship to LeMoyne must fill out and return the application package to the College by February 1. The application packet can be obtained at the Parish Office.

These resources provide a great way for you and your child to be actively engaged during Mass. Enjoy, then kindly return to the proper location so they are available for parishioners at every Mass.
